Sweden Carl XVI Gustaf. In the letter dated May 25, 2015, Bose reportedly said that the newspaper failed to show the President the "courtesy and respect" that he deserves as the head of state. "It was both unprofessional and unethical on your part to include in the report an off-the-record correction made by the President after the interview had ended, about a slip of the tongue during the interview." The newspaper has, however, defended the publication of President's remarks. "In a telephone conversation with DN (Dagens Nyheter) prior to the publication of the article the Ambassador made a direct request that DN was to retract sections of the interview mentioning Bofors. She also warned that the planned state visit was at risk of being cancelled," Dagens Nyheter said in a report published on its website. The report further quotes Wolodarski as telling the Indian ambassador "...that we couldn't accept her demands. The President became engaged and was upset when Bofors was mentioned during a question regarding how we can avoid corruption today. Of course we had to tell our readers about his reaction".

Coal scam: CBI directed to record statement of former PM Manmohan Singh

New Delhi: CBI was Tuesday directed by a trial court to examine former Prime Minister Manmohan Singh in the case of Talabira II coal block allocation to Hindalco when he was also Coal Minister in 2005. Sending the matter back to CBI for further investigation after it had filed a closure report in the case, Special Judge Bharat Parashar said it would be "appropriate" that the then Coal Minister be "first examined" regarding various aspects of the matter. "...I am of the considered opinion that before the matter is examined further as to what offence, if any, stands committed or by whom the same has been committed, it

will be appropriate that the then Minister of Coal (Manmohan Singh) be first examined qua various aspects of the matter and also in light of the observations made by this court in the present order," the judge said. Besides Manmohan Singh, the court also said that some top officers, who were working in Prime Minister's Office (PMO) at that time and were concerned with the process of allocation of coal block to HINDALCO, were "either not examined.

World's second largest economy grew 9.5% year-on-year in the second quarter, the National Bureau of Statistics said, policymakers clamped down on bank lending to curb soaring prices. The rate was higher than the 9% growth forecast in a poll of analysts by Dow Jones Newswires, but slower than the 9.7% posted in the first three months of the year and 8% in the fourth quarter 2010. In the first half, the economy expanded by 5% from a year earlier, the data showed. The slowdown in growth comes amid concerns that the Asian powerhouse is heading for a hard landing which could have dire consequences for other economies still struggling to recover from the 2008 financial crisis. "The external and internal environment in China's economic development is still rather
